Owner's Name: _____ Social Security No.: _____

1) USA PATRIOT Act Notice - to be read by or to the customer:

The USA PATRIOT Act requires financial institutions to notify their customers that the financial institution is required to collect information in order to verify the identity of the owner(s) of any certificate or account. In order to satisfy our "Customer Identification Verification" obligation, it is required that you provide us with documents and information necessary to verify your identity. This verification process may include the use of third party sources to verify the information provided to us.

2) Customer Identification Verification Certification:

The USA PATRIOT Act requires financial institutions to establish a "Customer Identification Program". As part of that program, we require our agent to review and verify a current government issued photo ID for each Owner/Trustee/Partner associated with the specified certificate. The type of identification used (one required), number and expiration date must be recorded below and may be used to further verify the customer's identity using third party sources.
