

Dear Driver:

It goes without saying that truck and delivery drivers are paramount. You are the backbone of our society and always have been, especially during these times. Millions of drivers travel our roadways each and every day—Monday through Friday and weekends, too! You're out there on holidays, in snowstorms, in the sun and the cold, and on special occasions. I'm sure you've missed many personal events in order to get the job done.

Therefore, on behalf of our CSA Fraternal Life lodge, we are giving you a little something to show that we appreciate all that you do. We can't say thank you enough!

Stay safe and healthy!

Fraternally,

Lodge _____

CSA Fraternal Life (formerly the Czechoslovak Society of America) is a non-profit fraternal benefit society that is headquartered in Lombard, IL and operates in 20 states across the nation, as well as D.C. With appreciation for our Czech and Slovak ancestors, we strive to continue their legacy of equality, harmony, and fraternity. We are America's oldest fraternal society – we're older than the Civil War! We add value to our products and services through a Lodge System (local groups of CSA members) that provides opportunities for community involvement. If you would like more information, please contact us at 800-LIFE-CSA or visit our website at www.csalife.com.
